

Developers

Find here documents, which can help you, if you want to get involved in LibreCAD development. You must not be a C++ coder to get involved. When you have good CAD experience, you can help coders by writing functional specification documents. Or help to translate the GUI.

Generic

- [Tool flowcharts](#)
- [Menu](#)
- [Translating LibreCAD](#)

LibreCAD V3

- [LibreCAD version 3 GUI API Documentation](#)
- [Settings JSON format](#)

LibreCAD V2

Old Wiki Links

Here are some links to the [old wiki](#). These articles could be transferred here and possibly updated.
