Google Summer of Code 2020

This year Florian (Feragon) and Armin (LodOfBikes) mentor Akhil Nair with his project *LibreCAD 3 GUI Revamp*.

The student

I'm Akhil Nair, currently a second year undergrad at AIT Pune, India studying Computer Engineering. I've been interested in computers since my childhood, video games evoking my curiosity and interest in computer science and technology.I am ever eager at learning and building things, while also trying to ensure that my foundations are solid. I'm a member of the Open Source Software Club of my college and have dabbled a bit in quite a few languages and frameworks. I'm fond of watching movies/TV shows ,reading novels and enjoy playing sports.

The project
