

Documentation

The documentation is only available on the web. It consists of the [Website](#) and [Blog](#), [Github](#) and [SourceForge](#) repositories, [User Manual](#), [old Wiki](#), [Forum](#), [Zulip chat Forum](#) and [IRC #librecad](#).

LibreCAD User Manual

The [LibreCAD User Manual](#) is the primary source of user documentation and, combined with this wiki's [tutorials](#) and [how-to](#), supercedes the [old wiki](#).

The manual contains:

- **Installation** instructions including *building from source* and configuration of LibreCAD.
- **Reference** section describing the commands and their parameters.
- **User guides** providing steps to perform common tasks.

Other User Manuals

Note that these manuals may be for older versions of LibreCAD and may not reflect the command or layout found in the latest release of LibreCAD.

v2.2
