

# Documentation

The documentation is only available on the web. It consists of the [Website](#) and [Blog](#), [Github](#) and [SourceForge](#) repositories, [User Manual](#), [old Wiki](#), [Forum](#), [Zulip chat Forum](#) and [IRC #librecad](#).

## LibreCAD User Manual

The [LibreCAD User Manual](#) is the primary source of user documentation and, combined with this wiki's [tutorials](#) and [how-to](#), supercedes the [old wiki](#).

The manual contains:

- **Installation** instructions including *building from source* and configuration of LibreCAD.
- **Reference** section describing the commands and their parameters.
- **User guides** providing steps to perform common tasks.

## Other User Manuals

Note that these manuals may be for older versions of LibreCAD and may not reflect the command or layout found in the latest release of LibreCAD.
