

# Documentation

The documentation is only available on the web. It consists of the [Website](#) and [Blog](#), [Github](#) and [SourceForge](#) repositories, [User Manual](#), [old Wiki](#), [Forum](#), [Zulip chat Forum](#) and [IRC #librecad](#).

## LibreCAD User Manual

### LibreCAD v2.2.x User Manual, DRAFT

**This is the initial DRAFT of the LibreCAD User Manual and is subject to change.**

**The manual is based on LibreCAD v2.2.0rc1. If you are using another version of LibreCAD, your mileage may vary.**

The [LibreCAD User Manual](#) is the primary source of user documentation and, combined with this wiki's [tutorials](#) and [how-to](#), supercedes the [old wiki](#).

The manual contains:

- **Installation** instructions including *building from source* and configuration of LibreCAD.
- **Reference** section describing the commands and their parameters.
- **User guides** providing steps to perform common tasks.

## Other User Manuals

### v2.2 - Current and complete

- [LibreCAD for Real Dummies a free option for Computer Aided Design](#)
- [LibreCAD 2.2.0 Introduction rapide](#) (French, ODT)

Note: These manuals are for older versions of LibreCAD and may not reflect the command or layout found in the latest release of LibreCAD.

### v2.1

- [LibreCAD Users Manual 2.1.3](#) (ODT)

## v2.0

- [LibreCAD Users Manual](#)
- [LibreCAD Users Manual \(Spanish\)](#)

## v1.0

- [LibreCAD v1 Users Manual](#) (incomplete and outdated)
